

Cedar Creek Park

MUNICIPALITY: County of Nassau

LOCATION: Larch Street, Seaford, New York

Project Description:

Laser was awarded this project in August of 2011. It primarily consisted of constructing two new synthetic turf multipurpose fields. One of the challenges of this project was the subsurface material was mostly beach sand and unsuitable for use as a sub-base for the fields. In conjunction with the engineers of record and the County, Laser amended the existing sandy material to provide a satisfactory sub-base upon which to construct the synthetic-turf fields and all of the site amenities.

Project Elements:

- Complete with self-contained under drain system
- Perimeter fencing and grandstand bleachers
- Scoreboards and poured-in-place retaining wall
- Brick-paver plaza area
- Concrete walks and flag pole
- Precast concrete restroom, concession and storage building
- Electrical service and water service
- Irrigation and landscaping
- Two synthetic turf multi-purpose fields
